

Oak Hills is your bridge between hospital and home where you can find comfort, medical support and the daily care needed to recover quickly and return home successfully with an improved quality of life. We offer physical, occupational and speech therapies, respite care, and psychiatric and psychological services, along with wound and pain management, IV and infusion therapy, and cardiac recovery programs.

Medicare often helps cover the financial obligations of skilled nursing services. We are providers for Medicare, Medicaid, and many private insurance companies.

think results

"They encouraged me, but weren't too pushy. They would knock on the door every day and gently persuade me to go to rehab. Without a doubt, I will be back at the center after my next knee replacement."

- Melinda J. / Cleveland, Ohio

Contact us to discuss the services available at each location.

Located throughout Ohio, Embassy Healthcare provides the services that matter to you.

The clinical capabilities at our skilled nursing centers range from respiratory services — including ventilator care at some locations — to specialized, diagnosis-specific programs.

We provide physical, occupational and speech therapy. We've also introduced Embassy Therapy and work with other experienced providers to deliver personalized rehabilitation plans.

And our assisted living centers and adult day care assure a continuum of care for patients and residents.

Embassy Healthcare has been providing quality care since 1998. We focus on outcomes, so our services get results and allow you to go home faster.
